01 WHO WE ARE

Lam Hong Diving Services Company Ltd (LH Diving) was founded in 2014 by an idea of the founders, who are used to be experienced Captain and Chief Engineers working onboard diving support vessels to support subsea projects in Vietnam. With the experience gained during the time and their desire to subdue the deep water areas by advanced technology and equipment, they decided to establish LH Diving.

Although LH Diving is just established, the company has so much invested on personnel as well as equipment such as technical personnel, divers and advanced technology equipment which can compare to other experienced companies in diving services. As the result of our investment on personnel and equipment, LH Diving has been approved and certified by national & international registers including VR, Lloyds, DNV GL, ABS, Bureau Veritas,

02. LAM HONG DIVING | COMPANY PROFILE

RMOS for compliance of requirement of International standard for subsea surveys.

In addition, LH Diving has been providing the vessel management services and now the company is entrusted by vessel owners in the region by using LH Diving's operation and management services such as Pacific Crest, Vallianz Offshore Marine and more.

In the coming time, LH Diving is going to continue investing further on manpower development, diving services and taking steps forward to research, invest and own the ROV's technology and service to satisfy client's demand.

VISION

To become the leading underwater service providers in Vietnam and the region.

MISSION

To provide our customers with the highest quality services in a safe, reliable, efficient and environmentally responsible manner.

WHY CHOOSE US
